For Immediate Release...

Edmonds Night Out (ENO) 2013

This annual event is held each year in July at the Frances Anderson Center playfield. Our group started participating in this event in July 2011.

When: Tuesday, July 30, 2013 5-8pm

Where: Frances Anderson Center Playfield

“A Night Out Against Crime” in Edmonds, a day to lock your doors, turn on your porch lights and bring your neighbors to celebrate our community’s many valuable programs and services. Learn how to combat crime while meeting your neighbors, local businesses and emergency responders who care and make a difference. This free community event, brought to you by the Edmonds Police Foundation, combines family fun with public safety awareness and is possible by the generous help of local businesses and many volunteers.

At the **Edmonds Night Out** event, the Edmonds Bicycle Advocacy Group (EBAG) distributes bike trail maps, bike safety skills information and brochures that are provided by Cascade Bicycle Club (Seattle), Community Transit, and Snohomish County.

We enjoy meeting and greeting Edmonds area children and the parents of bicycling age children at this annual event. Often times, these parents discover, for the first time, at this evening event that their child [children] have learned bike traffic safety and bike riding skills in their P.E. class (“Basics Of Bicycling”), which is brought to the Edmonds School District by our joint bicycle training program with Cascade Bicycle Club.

Raising safety awareness for both cyclists and pedestrians
